## Convictions Review Asked

### Supreme Court Directs Breach of Peace Study

WASHINGTON (AP)—The Supreme Court directed South Carolina courts today to reconsider the breach of peace convictions of 65 Negroes arrested while demonstrating against racial segregation at Rock Hill, S.C.

The order came as the court began hearing two days of arguments in five sit-in cases that may bring far-reaching rulings in the court's 1963-64 session on this question:

### Farm Bureau Elects Green As President

#### Hughesville Miss Crowned Queen At Annual Meeting

Matt O. Green, III, was elected president of the Pettis County Farm Bureau at the annual meeting of that organization Saturday night, at the Whittier School gymnasium. Dale Clingen was elected vice-president; Mrs. Walter Kraft, secretary and Mrs. Mary Cunningham, treasurer.

This, too, was the coronation of the Pettis County Farm Bureau Queen, Sherry Hoos, 19, daughter of Mr. and Mrs. Fred Hoos, Hughesville, and a nurse in training at Research Hospital, Kansas City. Green announced the selection of the queen and placed the crown upon her head.

Preceding the coronation the three girls in the contest, the qualifications being that they must be members of a Farm Bureau family, came down the center aisle with their escorts. The other two candidates were Mary Ann Brandhorst and Joyce Dixon. Their escorts were Mike Mallorey, Freddy Kraft and Mike Hoos, with Martha and Marsha Thomas, twins, serving as crown bearer and flower girl. An arm bouquet of yellow lilies tied with yellow satin ribbon, was presented to the queen.

Sherry, a brunette, will be the Pettis County queen candidate at the Missouri Farm Bureau convention to be held later. She is a member of Hughesville 4-H.

Pettis County will also have an entry in the Missouri Farm Bureau Talent Contest. Winning contestant in the Pettis County Talent Contest was Richard Chappell, who played "Cast Your Fate to the Wind" by Vince Geraldi. Richard is the son of Mr. and Mrs. Orin Chappell, Route 4.

Other contestants were Marjorie Thomas, daughter of Mr. and Mrs. O. Thomas, who play-

### Carter Hearing Set Thursday; No New Evidence

Whether or not Benny M. Carter, 33, 728 West Cooper, will be bound over for Circuit Court trial on a charge of second degree murder will be decided at a preliminary hearing Thursday morning at 10 a.m. in the Magistrate Court of Judge Frank Armstrong.

However, no new evidence or testimony is to be presented by either the state or the defense under the terms of a stipulation for preliminary hearing signed by Prosecuting Attorney J. R. Fritz and Carter's attorney, Fred Wiesner.

Fritz and Wiesner agreed in the stipulation that "all known evidence pertinent to the issue" was presented a coroner's jury on May 24. The stenographic record of the coroner's inquest, as taken by court stenographer James Giokaris, has been in the hands of Judge Armstrong for several weeks now.

Carter was charged after the coroner's jury returned a verdict that his 29-year-old wife, Helen, died as the result of a felony.

A bullet from a gun held by Carter struck his wife in the fleshy part of the hand and mouth early the morning of May 22 and she died at Bothwell Hospital late in the afternoon of the day she was wounded.

Carter is free on \$5,000 bond.

### BULLETIN

A man tentatively identified as Wilbur H. Molt, 32, of Sweet Springs, was killed in a truck-train accident at the Pettis-Johnson county line crossing of Route FF and the MoPac tracks early this afternoon.

Molt was the apparent driver of a loaded gravel dump truck that hit an engine on MoPac freight train No. 593 west bound. The truck is the property of the Hill and Hill Produce Co., Sweet Springs.

Engineer on the train was Ellis Lister and the conductor was Tom Mason. The truck, headed north, apparently ran into the side of engine No. 1. The truck caught fire. No other details were available at press time.

BACK IN AMERICA—The two principals in the exchange for two Russian spies are shown on their arrival in New York. At left is Marvin W. Makinen and at right is Rev. Walter Ciszek.

### Easier to Read Columns Today

In case you haven't noticed, you are reading this news story with greater ease than you read the stories in yesterday's Sedalia Democrat-Capital.

This is because The Sedalia Democrat-Capital, in conjunction with The Associated Press, has gone to a considerable

### Sunday Law Into Effect; No Fanfare

The new Sunday sales law went into effect Sunday in this area with little or no fanfare, but the effects were felt in several local businesses.

This means that other Negroes who may seek admission to Clemson, a state-supported college in South Carolina, start with an established court ruling that they are "entitled to freedom from racially discriminatory policy."

Granted a hearing to the Rev. Fred L. Shuttlesworth, Negro convicted of interfering with police when they took a group of Freedom Riders into "protective custody" in Birmingham, Ala., May 16, 1961. Shuttlesworth said he was fined \$100 and costs, and on failure to pay the fine was sentenced to 52 days of hard labor and given an additional term of 180 days of hard labor and 16 days for costs.

### Yule Parade Plans Complete For Sedalia

The Sedalia Chamber of Commerce has completed the plans for the Christmas parade which will be held Saturday, Dec. 7, starting at 10 a.m., the theme to be "Christmas is for Children."

Only Santa Claus will be there, none of his helpers will be in the parade, and he will arrive from the North Pole at 9:30 a.m. at the MKT depot.

This year there are five classifications: religious, schools, women's organizations, men's organizations and 4-H and Extension Clubs.

First prize in each group will be \$50, second prize, \$30, and third prize, \$20, with a grand prize of \$100 for the best float in the parade, which, of course, will give the winner \$150, for winning the \$50 in its class and the grand prize.

Entry blanks are to be mailed or taken to the Chamber of Commerce office, 113 East Fourth, not later than Nov. 21.

Lloyd Williams is chairman of the parade with W. C. Cramer and Kenne Miller as co-chairmen.

### Barry Sets Jan. 27 As Plunge Date

WASHINGTON (AP) — Sen. Barry Goldwater has ringed Jan. 27, 1964 on his calendar as D-day for an expected plunge into active competition for the Republican presidential nomination.

That date represents the deadline for filing of petitions to put Goldwater's name in the April 14 Illinois presidential primary.

Although the Arizona senator could permit his name to go on the ballot without lifting a finger by merely failing to ask by Feb. 1 that it be withdrawn, he said in an interview that he expects to announce his intentions by Jan. 27.

The Illinois primary is advisory only and the results there technically will not be binding on the state's 58-vote delegation to the San Francisco convention.

But the importance of a show of strength in the state has been impressed on Goldwater and his strategists. Illinois, which went for President Kennedy in 1960, offers the senator his best opportunity to demonstrate vote-getting ability in a big state.

Some of his lieutenants think Illinois could provide the vital convention votes he needs to combine with support from the South, other areas of the Midwest and the Far West to win the nomination.

Goldwater has said he expects his name to be entered in the March 10 New Hampshire primary.

Please turn to Page 4, Col. 7

All of this meant a lot of work, first, planning, and then, execution. But the results are designed to please you in making today's printing easier to read.

By W. D. HILL

News Editor, The Democrat

In an earlier article in this series, the matter of revenue bonds as opposed to general obligation bonds was touched on lightly. The City Council has determined that general obligation bonds are the type to be issued in the best interest of the taxpayers.

Briefly, revenue bonds are paid off from taxation.

Revenue bonds for sewage improvements, according to state laws, may be issued for a period up to 35 years, while general obligation bonds must be paid off in maximum of 20 years.

A four-sevenths majority must vote favorably for passage of revenue bonds while a two-thirds majority is needed to approve general obligation bonds.

The difference, city officials say, is that a revenue bond issue is more costly, although "easier" to pass due to the smaller majority needed for approval.

The Sewer Bond Committee

## Navy Chief Korth Resigns Following Defense Hassle

### Deny New Landslide On Move

#### Earlier Reports Hinted New Threat In Italian Valley

BELLUNO, Italy (AP)—Authorities denied today that a huge new landslide is moving rapidly down on the Vajont Dam reservoir.

Provincial authorities in Belluno and Italian Army officials on the shores of the reservoir said there was no new avalanche menace beyond earth slides that have been threatening since the catastrophic avalanche hit the reservoir Wednesday night.

Most residents of villages in the area who escaped the flood generated by the first avalanche were taken out last week.

There were reports today that the threatened landslides had started moving and that full evacuation had been ordered.

But authorities denied these reports and said villagers had actually been authorized to return briefly to their homes this morning to pick up belongings.

The man who built the Vajont Dam said today the giant barrier could still furnish electricity after repairs.

"I see no reason for not using the dam again," said Giuseppe Torno. "It's not badly damaged and can provide hydroelectric power again with repairs.

With part of Mt. Toc in the middle, the reservoir will be much smaller, of course, but still very large."

Thousands of soldiers still dug

the mud for bodies, and the exact casualty toll was not known.

President Antonio Segni, touring the area Sunday, was told by Interior Minister Mariano Rumor that at least 1,800 persons were dead in Longarone and other villages below the dam. Rescue officials said the final figure could reach 3,000.

Torno said the fact that the dam held despite the gigantic landslide was proof of its excellence.

He said that if the 873-foot-high concrete dam had given away, thousands more would have died.

"From a geological point of view, no man in the world could have forecast such a tragedy," said his assistant, Alberto Zanoni.

And for the next five days the forecast says the temperatures will average 5 to 10 degrees above normal with little or no rainfall.

### The Weather

Generally fair and a little warmer tonight. Low to-night 55 to 64. Fair to partly cloudy and continued warm Tuesday. High 85 to 92. Winds southerly, diminishing tonight.

The temperature Monday was 62 at 7 a.m., and 90 at noon. Low Sunday night was 60.

The temperature one year ago today was 85; low 65; two years ago, high 63; low 41; three years ago, high 77; low 58.

Lake of Ozark stage: 55.3 feet; 4.7 below full reservoir, down 1.

### Arson Probe In Fire At Sacred Heart

Officials are investigating the possibility of arson at the Sacred Heart Catholic school at 7:45 o'clock Sunday night. Fire burned a window shade and some papers on a table next to the window, but was discovered before any loss resulted.

Fires companies were called to 1318 East Third at 7:41 o'clock where backfire through a carburetor of a 1959 Oldsmobile sedan had set fire to the car. Seconds after the fire companies arrived at the scene the alarm was received for Sacred Heart school.

The aerial ladder from the West Sedalia station made the run and the car fire already extinguished, the two trucks made hurried run from East Third to Third and Vermont.

Persons who had driven up in front of a residence on Vermont, across the street from the school, noticed the fire.

Had the fire not been discovered it is believed considerable

(Please turn to Page 4, Col. 4)

### Continued Warm

KANSAS CITY (AP) — The weatherman still says "continued warm" in Missouri.

The highs Tuesday will be generally in the 85-90 range with no rain in sight. The top Sunday was 87 at West Plains.

And for the next five days the forecast says the temperatures will average 5 to 10 degrees above normal with little or no rainfall.

### Paul Nitze, Assistant In Defense, Successor

WASHINGTON (AP)—Secretary of the Navy Fred Korth, who last week protested a tentative Pentagon decision to deny the Navy more nuclear-powered aircraft carriers, is resigning and will be succeeded by Paul Nitze, now an assistant secretary of defense.

The White House announced today that President Kennedy accepted Korth's resignation on Saturday. The resignation will take effect Nov. 1.

### Guard Sees 'Raking Over The Coals'

#### May Be Hardest Hit by Probe On Discrimination

WASHINGTON (AP)—A presidential committee set up to act against racial discrimination in the armed services is shaping its final report and National Guard sources say they expect the Guard to be "raked over the coals."

There are reports—denied by committee officials—that the group may recommend withholding funds from any state which refuses to end segregation in its guard units.

If this happens, the much-buffed President's Committee on Equal Opportunity in the Armed Forces likely will suffer new hammering from Southern members of Congress and Dixie governors.

The guard is segregated in most of the states of the old Confederacy.

The presidential committee, headed by Washington lawyer Gerhard A. Gesell, submitted an initial report June 13 recommending many measures to eliminate discrimination against Negro servicemen in areas around military bases.

The seven-man committee told Kennedy bias in the reserves and National Guard had been under intensive study. It promised that a follow-up report on this problem would be completed soon.

Sources close to National Guard affairs said they understood that report was expected by Sept. 1. Some sources suggested the White House might have passed the word to hold up the politically touchy document and perhaps tone it down.

Repeated attempts to reach Gesell were fruitless.

## Types of Sewer Bonds Explored

(EDITOR'S NOTE: This is the ninth in a series of articles concerning a major issue facing Sedalia voters—the Sewer Bond Issue. Various aspects and ramifications of the improvement program, what is to be done with passage of the issue, what happens if it fails, views of state and federal government and other information about the issue are covered in this series.)

By W. D. HILL

News Editor, The Democrat

In an earlier article in this series, the matter of revenue bonds as opposed to general obligation bonds was touched on lightly. The City Council has determined that general obligation bonds are the type to be issued in the best interest of the taxpayers.

Two bids for the refurbishing work were opened at the City Council's Oct. 7 session and both bids exceeded the \$2,500 budgeted for the project.

Bids were referred to the council's building committee and Graham's bid was for \$3,245 and with the \$500 in omissions leaves a total cost to the city of \$2,685—still \$185 over the budgeted amount.

Being set aside is work planned for the north windows, painting on the side walls, a new lavatory, fittings and water supply line. A painted floor will be substituted for a tile floor.

Some of his lieutenants think Illinois could provide the vital convention votes he needs to combine with support from the South, other areas of the Midwest and the Far West to win the nomination.

Goldwater has said he expects his name to be entered in the March 10 New Hampshire primary.

The Sewer Bond Committee

today gave four main reasons why it adopted the general obligation bond instead of the revenue bond:

**GOOD FARMING**

**in Pettis County**  
By MERLE VAUGHAN  
Director and Agricultural Agent

Dates Ahead  
Feeder Pig Sales—Doniphan, Oct. 15; Marble Hill, Oct. 16; St. Genevieve, Oct. 17; Potosi, Oct. 18; Joplin, Oct. 19; Salem, Oct. 21; Houston, Oct. 21 (night); Lebanon, Oct. 22; and Butler, Oct. 25.

Feeder Calf Sales—Appleton City and Sullivan, Oct. 15; Warsaw and Butler, Oct. 16; Owensville, Oct. 16 and 17; Linn, Oct. 18; Kirksville, Oct. 19; Princeton, Oct. 21; and Stanberry, Oct. 23.

Wednesday night, Oct. 16—CROP kick-off meeting, courthouse.

Saturday, Oct. 19—University Day at the University of Columbia.

Wednesday, Nov. 13—Tour of livestock and veterinary facilities at the university.

Feed Grain, Wheat Diverted Acres Can Be Pastured

Sam Hieronymus, chairman of our county ASCS committee, called me last week to ask our cooperation. He said that a number of farm persons did not know that feed grain diverted acres were released as of Oct. 1 for pasture. This does not apply to the conservation reserve program, Sam said. Also, no one can cut hay from feed grain or wheat diverted acres without receiving a reduction in their payment.

CROP Dates Are Oct. 16 and 22

The kick-off meeting for the Pettis County CROP program is scheduled for the Pettis County courthouse Wednesday night, Oct. 16. All workers who have been solicited to assist are urged to attend.

Townships throughout Pettis County will hold a one-day CROP canvass for contributions of corn, milo and soybeans, for the world's hungry on Tuesday, Oct. 22.

The CROP canvass which climaxes weeks of organization, planning and promotion by community leaders is to be conducted by some 100 volunteer workers between the hours of 8 a.m. and 7 p.m. And this means some 100 pickup trucks, tractors and wagons will be in operation, stopping at each farm to receive contributions.

Pettis County's CROP appeal is part of a state-wide effort to share Missouri 1963 corn, milo and soybean harvests with destitute neighbors overseas who have no harvest.

Contributions in carload quantities will be shipped to a processing plant where it will be converted to products for export for use on the relief and rehabilitation program of churches in foreign countries.

Township leaders in the canvass include: Hughesville, Jack Fowler; Sedalia, John Knaus; Cedar, Charles Reine; Heath's Creek, Robert Curtiss; Flat Creek, Isaac Snow; Green Ridge, Waldo Harbit; Longwood, Bruce Claycomb; Dresden, Roy Maples; Elk Fork, Lloyd Smith; Washington, LeRoy Ryan; Bowling Green, John Sneed, Jr.; Smithton, William Pate; LaMonte, John Jones; Prairie, Orin Chappel; Houstonia, J. D. Groggy; and Lake Creek, W. C. Corlew.

Livestock Tour to University

Plans are shaping up for a tour of livestock facilities at the

**Creative Art Tips Told to South Abell**

"Creative Art" was the lesson presented to nine members of South Abell Extension Club by Mrs. Glenn Miller. Mrs. A. E. Hoppes, a guest, and five children were also present at the home of Mrs. E. E. Barrick. Devotional was read by Mrs. Barrick. Mrs. James McFatrich led in singing "God Bless the Whole Wide World" and "Perfect Day." Mrs. E. L. Bohon, Jr., presented a summary on herb cookery. It was announced that new shades had been put up at Community Hall.

Mrs. Kathryn Zimmerman's letter was read by Mrs. E. K. Davis. The letter introduced Mrs. Glinda B. Leach, home management specialist, University of Missouri, Columbia, whose subject was "Creativity in Your Home."

The next meeting will be Nov. 12 at the home of Mrs. McFatrich. Mrs. Orla Richardson will give a book review.

tax is to be charged only on the difference.

Under this new law, however, if the difference between the trade-in allowance and the price of the merchandise being purchased is less than \$500 three per cent sales tax applies to the full price of the merchandise. The law also requires that for this trade-in to apply, Missouri sales or use tax must have been paid on the merchandise traded in.

New State Auto Finance Law

Also on Oct. 13 a new auto finance law providing more protection for motorists buying on time against "padded or packed" time sales charges went into effect in Missouri. The new measure, passed in the state legislature provides for specific maximum finance charges on motor vehicles of varying ages.

The time price differential included in the retail and installation transaction must not exceed a certain schedule. As I read this schedule, it is essentially that interest charged on the balance of payments on new cars cannot be more than seven per cent, on cars not more than two years old, 10 per cent, and on cars over two years, not to exceed 13 per cent.

These measures will be outlined at the meeting Dec. 3.

**Dairy School at Harrisonville**

One of four regional schools for dairymen is being held at Harrisonville during November and December. The class will meet once a week on Wednesday, Nov. 6, Nov. 13, Nov. 20, and Dec. 4.

Classes start at 10 a.m. and will last approximately four hours. Morning sessions will generally be on feeding while afternoon sessions will be on the economics side of dairying. There is a registration fee of \$15 which takes care of the noon lunch on the four days of the meetings, material handed out and other expenses of the school.

**Rock Phosphate Availability to Crops**

We frequently have questions regarding how long after rock phosphate has been applied before it is effective. Extension soils specialist John Falloon says the time before availability is not an important factor in itself.

The most important factor is the crop to be grown. The kind of soil is also a factor. A legume crop growing on a medium to fine textured soil probably could use rock phosphate quickly. A non-legume crop, especially on a coarse textured soil, may never use it very well.

We have frequently been told that after a deep rooted legume crop such as alfalfa, red clover, or sweet clover has been grown on a field where rock phosphate has been applied, the rock phosphate will be more available to non-legume crops.

**RFD Dates Ahead**

Some interesting programs are coming up soon on the University's RFD television program. This program is seen on Channel 8 from 12:20 to 12:35 p.m. on week days.

Programs of interest include: Oct. 18—"Trends in Missouri's Dairy Industry" will be discussed by Fred Meinershenen. Other topics include: Oct. 21—"Farm Forestry Program in Central Missouri"; Oct. 25—"Ring Worm in Dairy Calves"; and Oct. 28—"Sheep Day."

**Sales Tax Law in Effect**

Missouri's new sales and use tax law went into effect Sunday, Oct. 13. Regarding it we would like to call your attention to the new trade-in provision which will eliminate some of the double taxation on transactions involving trade-in merchandise.

According to the new law,

when any merchandise is traded in on new or used merchandise, and the difference between the trade in allowance and the purchase price exceeds \$500, the three per cent sales

tax is to be charged only on the difference.

Under this new law, however,

if the difference between the

trade-in allowance and the

price of the merchandise being

purchased is less than \$500 three

per cent sales tax applies to

the full price of the merchandise.

The law also requires that

for this trade-in to apply, Mis-

souri sales or use tax must have

been paid on the merchandise traded in.

For dairymen one of the biggest continual problems is mastitis. Extension Dairyman Fred Meinershenen says the first and foremost measure to control mastitis is a recognition that mastitis is a herd problem, and not just a problem with one or half a dozen cows within the herd. Once this recognition is made, then broad measures to combat the infection can be successful.

These measures will be outlined at the meeting Dec. 3.

**Dairy School at Harrisonville**

One of four regional schools

for dairymen is being held at

Harrisonville during November

and December. The class will

meet once a week on Wednesday,

Nov. 6, Nov. 13, Nov. 20, and

Dec. 4.

Classes start at 10 a.m. and

will last approximately four

hours. Morning sessions will

generally be on feeding while

afternoon sessions will be on the

economics side of dairying.

There is a registration fee of

\$15 which takes care of the

noon lunch on the four days of

the meetings, material handed

out and other expenses of the

school.

**Rock Phosphate Availability to Crops**

We frequently have questions

regarding how long after rock

phosphate has been applied be-

fore it is effective. Extension

soils specialist John Falloon

says the time before availability

is not an important factor in

itself.

The most important factor is

the crop to be grown. The kind

of soil is also a factor. A legume

crop growing on a medium to

fine textured soil probably could

use rock phosphate quickly.

A non-legume crop, especially

on a coarse textured soil, may

never use it very well.

We have frequently been told

that after a deep rooted legume

crop such as alfalfa, red clover,

or sweet clover has been grown

on a field where rock phosphate

has been applied, the rock phos-

phate will be more available to

non-legume crops.

Mrs. Max Kahrs

### Miss Jacqueline Louise Peace Becomes Bride of Mr. Max Kahrs

Marriage vows of Miss Jacqueline Louise Peace, daughter of Mr. and Mrs. J. R. Peace, 1210 Sue Lane, and Mr. Max Kahrs, son of Mr. and Mrs. Raymond Kahrs, Smithton, were solemnized at half past seven o'clock Saturday evening, Sept. 14 at Smithton Methodist Church. Candles lighted the chancel.

The bride wore a gown of white satin and lace, with lace and pearl accessories. The gown was floor length and fitted tightly. Her veil was shoulder length and done in a tear drop style with pearls dropping from peaks of the lace crown.

All the bridal attendants were dressed in champagne beige satin and lace floor length dresses made in bell style. In their hair they wore small tuberoses and ivy. Maid of honor was Miss Donna Peace, Sedalia, sister of the bride. Bridesmaids were Mrs. Mary Lu Short, Columbia, sister of the bridegroom, and Mrs. Mary Jane Kahrs, Smithton, sister-in-law of the bridegroom.

Flower girls were Miss Debbie Jones, Kansas City, cousin of the bride, and Miss Kathy Spellmeyer, Sedalia, also a cousin of the bride. Attendants for the bride carried long streamers of ivy.

Best man was Mr. R. D. Kahrs, Smithton, brother of the bridegroom. Groomsmen were Mr. Don Short, Columbia, brother-in-law of the bridegroom, and Mr. Robin Long, Sedalia, cousin of the bridegroom. Ringbearer

### Heber Hunt PTA Board Discusses Bicycle Safety

Conclusions about results of last month's bicycle safety assembly at the Oct. 8 meeting of Heber U. Hunt PTA executive committee. Riding habits of the school's children have not changed much, committee members observed. The following points, members decided, should be emphasized:

1. Parents need to impress upon their children the importance of obeying safety rules.

2. There is need for some way of enforcing the rules. This should help the child realize he has a responsibility in obeying rules, the same as a driver of any other vehicle.

3. Not only bicycle riders, but pedestrians, need education and enforcement of safety measures.

Those recommendations will be brought up at a later meeting for study and action.

Mrs. Leland Phillips, president, opened the meeting by reading a poem from the PTA magazine.

Mrs. Ruford Knox was elected nursery chairman to replace Mrs. E. F. Rohlfing, whose resignation was read at the last meeting.

More magazines have been sold this year, reported Mrs. Charles Sherrill, sales chairman. Memberships total 657, toward the goal of 750, 100 more than last year, the group was informed by Mrs. Aaron Haller, chairman of membership. City Council PTA and District PTA meeting reports were given.

Plans were made for the March PTA program on KSIS radio at 11:15 a.m. March 26.

PTA meeting will be Oct. 24 in order not to conflict with the convention date. Julian Bagby will be speaker.

### Make way for the rip-snortin'est, sportin'est Comet ever built— the hot new Comet Caliente

**BULLETIN**—Daytona Beach, Fla.

On October 11, the lead car in the 1964 Comet Durability Run completed 50,000 miles at speeds well over 100 mph. This Comet—specially equipped and prepared for high-speed track driving

was still going strong as this went to press.

The same skills and engineering excellence that are helping to make Comet's Daytona performance possible go into every '64 Comet. This is a surprisingly hot new kind of Comet... engineered with the most responsive engines in its field.

**Elegance in a compact-price car**

The '64 Comet is newly styled—bigger, bolder looking—with elegance usually found only in leading luxury cars. Example: the top-series Caliente features interiors with walnut-like paneling.

#### Every bit as hot as it looks

The '64 Comet is newly designed... with a new wider, road-gripping stance... big-car ride and comfort. A hot new lineup of luxury options includes power steering, power brakes. See the '64 Comets at your Mercury dealer's now.

### Honored With Bridal Shower

A shower was given for Mrs. Jim May, a recent bride, recently at Berea Church by Mrs. Russell King and Mrs. Gordon T. Lawson.

Games were played and the bride opened gifts. Cake and punch were served.

Guests were: Mr. and Mrs. Franklin Taylor, Mr. and Mrs. Everett Cureton, Brenda Marlin, Mrs. James Murphy, Mrs. Junior Nichols and Debby, Mr. and Mrs. Edgar Deal, Mrs. Beulah Cornine, Mr. and Mrs. Charlie Hooper and Roger, Mrs. Ronnie McCoy and Rhonda, Mrs. B. E. Walker, Mr. and Mrs. Harry Cassell, Mrs. Hazel Cornine and Judy, Mrs. Charles R. Walker, Mrs. Russell King and Mrs. Gordon T. Lawson.

### J. A. Visentin Stars In Insurance Sales

J. A. "Doc" Visentin, 217 State Fair Blvd., has qualified as a member of the 1963 Star Club of New York Life Insurance Company, according to William H. Coleman, Jr., general manager of the company's Gate City general office.

Membership is based on 1962-63 sales records and is composed of outstanding agents of New York Life which has a field force of 7,500 full-time agents in 256 offices throughout the United States and Canada.

Visentin will attend an educational conference Oct. 20-23 in Colorado Springs, Colo.

### Lindsey Circle Meet

The Lindsey Circle of the Calvary Baptist Church met Thursday afternoon at the church with 12 members present. The program was on the book, "Grace McBride, a Missionary."

Mrs. Pearl Broderson gave the devotional.

The meeting closed with a prayer by Mrs. H. F. Baugh. The November meeting will be an all day meeting at the church.

Name for a notorious prison, Sing Sing, was taken from the Sin Sinck Indians, according to the Encyclopedia Britannica.

Ushers were: Mr. Ricky Jones, Mr. Donnie Butterbaugh and Mr. Jim Clevenger.

The bride attended beauty culture school in Kansas City and is now employed as a teacher at the Sedalia School of Hairdressing in Sedalia. The bridegroom attended Central Missouri State College, Warrensburg, majoring in agriculture and is now engaged in farming at Smithton.

### Talk On Mooseheart

Mrs. Sadie Luther gave an informative talk on Mooseheart, its operations and purpose at the regular Women of the Moose Chapter Night meeting, Tuesday Oct. 8.

Two new members, Mrs. Frances Cross and June Zimmerman, were initiated.

Plans were completed for the chili supper the proceeds to be used for the piano fund.

Refreshments were served following the meeting.

Oklahoma and Texas grow most of the U.S. so-called "Spanish" peanuts used in candy, peanut butter and salting.

## OBITUARIES

### Mrs. Della Binkley (Syracuse)

Mrs. Della Aurella Binkley, 93, died at 6 p.m. Sunday at Hall's Rest Home in California where she had been a patient for the past two years. Previous to that she had made her home with her son-in-law and daughter Mr. and Mrs. Oliver Stahl, Syracuse.

Born at Tuscarawas on July 4, 1870, she was a daughter of the late Henry Anthony and Minerva Jane Melton Wright. She was married on Jan. 24, 1897, to Tolbert Binkley, who died a number of years ago.

Surviving are two daughters, Mrs. Queen Esther Stahl, Syracuse; Miss Vesta Binkley, Fulton; three grandchildren, three great grandchildren, and a sister, Mrs. Vesta Hines of the state of California. Preceding her in death were two sons, Paul Binkley, who died in 1958, and Richard Binkley who died in infancy.

Mrs. Binkley was a member of the Christian Church.

Funeral services will be at 1:30 p.m. Tuesday at the Eugene Christian Church, with the Rev. Bob Potter, pastor of the Syracuse Baptist Church, to officiate.

Pallbearers will be: Monta, Luther and Ernest Glover, James Simpson, Elijah Norfleet and Parker Handley.

Burial will be in Spring Garden Cemetery near Russellville. The body is at the Richards Funeral Home in Tipton.

### Miss Ollie Davis (Pilot Grove)

Miss Ollie May Davis, 95, lifelong resident of Pilot Grove, died Sunday evening at St. Joseph Hospital, Boonville, where she had been a patient since Saturday.

She was born Aug. 21, 1868, at Pilot Grove, daughter of the late Elizah Ellen Tavener Davis and James Craig Davis.

Surviving are: three sisters, Mrs. Emma Stites, Pilot Grove; Mrs. Martha Woodworth, Albany, Calif.; Mrs. Bernice Moore, Whittier, Calif.; and one brother, Elvin Davis, Albany, Calif.

Funeral services will be at 2:30 p.m. Wednesday at Hays-Painter Funeral Chapel, Pilot Grove. The Rev. Damon Hudson, pastor of Pilot Grove Methodist Church, will officiate.

Burial will be in Pilot Grove Cemetery. Friends may call at Hays-Painter Chapel from Tuesday morning until time for services.

### Anderson Infant (Independence)

Graveside services for Della Sue Anderson, infant daughter of Donald Lee and LaRue Anderson, Independence, who was stillborn Friday, Oct. 14, at the Northeast Osteopathic Hospital, Kansas City, were held at 10 a.m. Sunday at the Highland Cemetery southwest of Lincoln. The Rev. J. L. Freeman, Verailles, officiated.

The maternal grandparents are Mr. and Mrs. Merida Witzke, Latham.

Richards Funeral Home, Tipton, had charge of the service.

### John W. Needy (Green Ridge)

John William Needy, 78, retired farmer of Green Ridge, died at 7 p.m. Sunday at the Ellis Fischel Hospital, Columbia.

Mr. Needy was born Dec. 5, 1884, in Pettis County, the son of the late J. W. and Mary Houcks Needy and lived his entire life in Pettis County. He was married in 1906 to Clara E. Curran, who died in 1956.

Surviving are six children, Charles Needy, Cole Camp; John Needy, Brawley, Calif.; Eugene and Robert Needy, Green Ridge; Mrs. Enlow (Ethel) Bowers, El Centro, Calif.; Mrs. Clarence (Ruth) Roe, Salisbury; 16 grandsons, seven great grandsons; one brother George Needy, Columbia; two sisters, Mrs. Mae Eldridge and Mrs. Maude Bullock, Los Angeles, Calif. One daughter and one brother preceded him in death.

Surviving are two daughters, Mrs. Queen Esther Stahl, Syracuse; Miss Vesta Binkley, Fulton; three grandchildren, three great grandchildren, and a sister, Mrs. Vesta Hines of the state of California. Preceding her in death were two sons, Paul Binkley, who died in 1958, and Richard Binkley who died in infancy.

Mrs. Binkley was a member of the Christian Church.

Funeral services will be at 1:30 p.m. Tuesday at the Eugene Christian Church, with the Rev. Bob Potter, pastor of the Syracuse Baptist Church, to officiate.

Pallbearers will be: Monta, Luther and Ernest Glover, James Simpson, Elijah Norfleet and Parker Handley.

Burial will be in Spring Garden Cemetery near Russellville. The body is at the Richards Funeral Home in Tipton.

### Funeral Services

#### Eva Hansbrough

Funeral services were at 2 p.m. Monday at the Moore Funeral Home, LaMonte, for Eva McBride Hansbrough, 83, LaMonte, who died Saturday. The Rev. Orville Woolery officiated.

Burial was in Lamonte Cemetery.

#### Hugh C. Spears

Funeral services will be at 2 p.m. Tuesday at the McLaughlin Chapel for Hugh C. Spears, 75, who died Saturday at the Sedalia Rest Home. The Rev. Harry Purviance, pastor of the First Christian Church, will officiate.

Burial will be in Miller's Chapel Cemetery.

#### Thomas B. Webber

Funeral services were at 3:30 p.m. Monday at the McLaughlin Chapel for Thomas B. Webber, 79, Lake Ozark, who died Thursday. The Rev. Cleo Gray officiated.

Burial was in Memorial Park Cemetery.

#### O. P. Miller

Funeral services were at 2 p.m. Monday at the McLaughlin Chapel for O. P. Miller, 71, who died Oct. 9 at a Largo, Fla. hospital. The Rev. George R. Sparling officiated.

Burial was in Crown Hill Cemetery.

#### Lillie M. Styles

Funeral services for Mrs. Lillie M. Styles, 64, 2412 South Collins, who died Friday, were at the Ewing Funeral Home at 1 p.m. Monday. The Rev. Walter P. Arnold officiated.

Mrs. W. L. Lewis sang "The Old Rugged Cross" and "Just A Closer Walk With Thee," accompanied by Mrs. Mae Moser Pulliam at the organ.

Pallbearers were Thomas Knowles, Allen Cusick, Homer Hurschman, Emmett Vaugh, Myron Sinn and Johnnie Vinson. Burial was in Memorial Park Cemetery.

#### About Town

Mrs. Valeda E. Foster and son, Tommy, 1800 South Park, Mrs. Eva Strader, 2804 South Harrison, and Bill Branch, 700 West 16th, visited Thursday at Wheeling at the home of Mrs. Foster's aunt, Mrs. Bertha Sensenick, and with Mr. and Mrs. Forrest Sensenick and at Hardin in the home of Mr. and Mrs. Marvin Foster.

Upon arriving home Thursday night, Mrs. Foster received a telephone call advising her of the death of her sister-in-law, Mrs. Marvin Foster.

## Husband Unofficially Asked To Leave, Madame Nhu Says

By JEAN SPRAIN WILSON  
NEW YORK (AP)—Mrs. Ngo Dinh Nhu says American diplomats unofficially advised her husband to leave South Viet Nam to help end the political crisis.

"There is nothing to do because they have not asked us to do anything officially yet," she told reporters on the NBC TV and radio program "Meet the Press" Sunday.

But, widening her eyes and gesturing, she said the request was "absolutely ridiculous."

Her husband, Ngo Dinh Nhu, is the brother and chief adviser of President Ngo Dinh Diem.

Several times since the loquacious lady arrived last Monday night, she has said: "They want the regime to fire my husband

(not identifying them) but how can it, when he does not have any office?"

"We ask them to tell us what is wrong with us, but we do not hear anything," she said.

Mrs. Nhu stressed that Henry Cabot Lodge, U.S. ambassador to South Viet Nam, had not asked the Nhus to do anything.

"They (unidentified) send people to say that it is good advice from a friend, nothing official.

We always try to follow all advice that is good for both sides, but we do not know what we should do."

Asked if she had any proof of her claim that the USIS (U.S. Information Service) wished to topple the Diem regime, Mrs. Nhu replied:

"It is true that they did it, and they still do it from what I hear in my country, because your people ask around very openly, 'are you pro-coup or anti-coup?' They do not hide it."

She said, however, that she now believes that people in the USIS have misconstrued normal orders of the U.S. government to look for replacements for the Diem regime just in case the situation is serious. "But instead of seeking other replacements, overzeal from a few people, well, they want to topple it."

To be certain that her brother-in-law, President Diem, was not accused of sending her to the U.S. to speak for his regime, Mrs. Nhu said she studiously avoided saying "good-bye" before departing from Saigon four months ago.

(The Nhu family shares the bachelor president's palace, where she acts as his official hostess.)

"Perhaps we could get along if we were a little softer on communism," she suggested. She had already described the U.S. government as following "the new fashion of politics which is less anti-Communist."

At the crux of the political crisis in South Viet Nam are charges made by the Buddhists of religious oppression by the government of Diem, who is a Roman Catholic. The Buddhists claim 80 per cent of the South Vietnamese population.

Mrs. Nhu said Confucianism is her country's national religion, arguing that taking a census of Buddhists is impossible. However, she says the leaders of the Buddhist movement published a book in 1962 estimating that only one million out of 40 million were Buddhist followers Sunday.

As 400 spectators looked on, a band played and children from the parish school sang. Firemen in dress uniform stood at attention.

The crucifix, which firemen saved from the altar in a fire April 10 that engulfed the church was dedicated at the church site.

Our Lady of Sorrows is to be rebuilt.

"God is in my corner," Mrs. Nhu told New York's official greeter, Commissioner Richard Patterson, shortly before leaving her hotel to worship at St. Agnes Roman Catholic Church Sunday.

The growing of tobacco requires 378-man-hours per acre; corn takes 10.2-man-hours and cotton 66-man-hours.

## 57 Legislators Urge Funds For Atom Smasher

WASHINGTON (AP)—Fifty-seven Midwest Congressmen urged President Kennedy today to recommend funds for construction of a \$150 million high intensity accelerator at Stoughton, Wis., by Midwest Universities Research Association.

Rep. Robert W. Kastenmeier, D-Wis., circulated a bi-partisan letter for signatures because the atom smashing machine would be built in his congressional district.

Kastenmeier said 36 Democrats and 21 Republicans from Illinois, Indiana, Minnesota, Iowa, Michigan, Ohio, Missouri, Kansas, Wisconsin signed the letter.

He said the President and the Budget Bureau are considering asking Congress to provide the money for the MURA and other related research projects.

The group suggested a meeting with the President to discuss the Stoughton project.

The letter to the President said in part: "If the Midwest is to continue to maintain the quality educational institutions so vital to graduate research in physical sciences which have benefited the nation as a whole, it becomes increasingly important that the federal government proceed at once with the MURA project."

## Dominican Students Protest New Junta

SANTO DOMINGO, Dominican Republic (AP)—Santo Domingo University students held a noisy demonstration in a university building Sunday against the new ruling junta and "Yankee imperialism."

An estimated 1,000 students heard speeches by members of the pro-Castro Fragua student group, but under a sharp police warning against disorderly conduct, they did not carry their demonstration into the city's streets.

Santo Domingo students have demonstrated several times since the overthrow of President Juan Bosch by a group of military leaders late last month.

## Crucifix Dedicated As a Church Shrine

DETROIT (AP)—The tall crucifix that survived the Our Lady of Sorrows Church fire last spring was dedicated as a shrine Sunday.

As 400 spectators looked on, a band played and children from the parish school sang. Firemen in dress uniform stood at attention.

The crucifix, which firemen saved from the altar in a fire April 10 that engulfed the church was dedicated at the church site.

Our Lady of Sorrows is to be rebuilt.

## News Satire Disappoints This Critic

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—The promise of a new departure for the Ed Sullivan show was most interesting. "What's Going On Here" was to be a "satirical survey" or a "rude look at the news."

But as the first one turned out Sunday night, CBS' weekly vaudeville show devoted about five minutes to the idea, imported from England, and it turned out to be a broad, routine spoof of Huntley-Brinkley news cast with an obviously nervous Bob and Ray playing the news twins.

Their material was a series of obvious gags and wisecracks perched precariously on current topics.

Joseph Valachi was a peg on which was hung a feeble crack about senators murdering legislation. Britain's great train robbery—not very current—was used to poke fun at Scotland Yard.

It was quite disappointing because we had been led to expect something pretty interesting. "The Lancers" was much more amusing.

Earlier on NBC, Mrs. Ngo Dinh Nhu had her "Meet the Press" session. Although the panel of interviewers tried hard to pin down the volatile lady, they had very little luck.

She protested a lot but it was hard for the viewer to follow what she was saying. Sometimes it seemed as though she did not quite understand the sharp questions. Sometimes it seemed that she chose not to answer the questions.

NBC correspondent John Sharkey, brought home after being roughed up in South Viet Nam, was not much help on the panel. He asked one question.

NBC's "Show of the Week" seems to have a fix on crime this season. I have seen three shows so far and each was concerned with the subject.

Sunday night's show, "The Takers," was one of those "perfect crime" stories which misfired at the very end.

Walter Matthau played a suave jewel thief trying to grab the gems of the fourth richest man in the world. The show was somewhat bogged down with details of the plan, but it was rather interesting.

CBS' "Defenders," moving into its third season, continues to maintain generally high standards. Saturday night's show about a U.S.-Russian prisoner exchange could not have been more timely.

The crucifix, which firemen saved from the altar in a fire April 10 that engulfed the church was dedicated at the church site.

Our Lady of Sorrows is to be rebuilt.

**EDITORIALS****Tax Cut? (yawn, ho-hum, zz)**

The progress of President Kennedy's \$11-billion tax cut measure through Congress has been curious at almost every stage. It never really has had the popular steam behind it that one might expect for the most sweeping tax reduction plan in a generation or more.

To be sure, it has passed the House. And it would very likely win a favorable Senate vote if it could, in 1963, get past the roadblocks of hostile committee chairmen and time-consuming civil rights legislation.

But if the public clamor had been great enough the tax bill could well have become law long before this. It never developed.

One can hardly believe that the idea of having more money in the wallet has lost appeal for the American citizen.

If he is as money-hungry as often pictured by his detractors at home and abroad, why did he not beat the lawmakers' doors to demand passage of the massive cut?

The answers can be only tentative.

For one thing, the real administration argument for the tax reduction is subtle and complex. The citizen, acting through his representatives, is asked to approve cuts which will materially increase the federal deficit—in order to increase prosperity and thereby multiply jobs.

But in the ordinary mind deficits and pros-

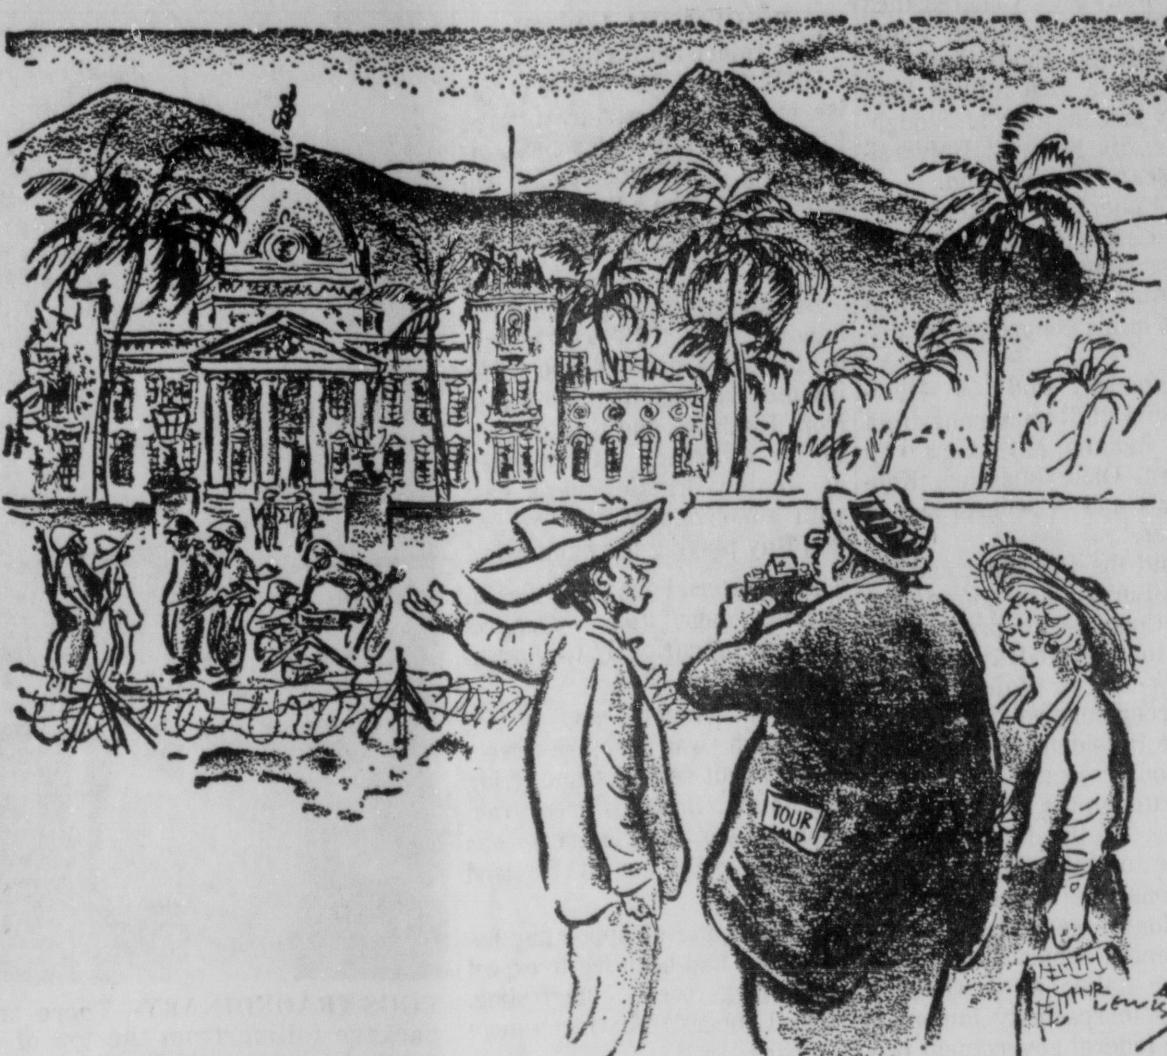

perity do not go together. There is no sign the Kennedy administration has sold this notion effectively. It is easy to believe the opponents of the bill made real headway with arguments that reduction has to be linked with comparable cuts in federal spending.

Sophisticated specialists in public finance keep saying that a government budget is nothing like a family budget, and therefore that it is foolish to insist that the same kind of careful balancing is required in the public sphere.

Here again, however, the feeling grows that this idea is not widely accepted or perhaps understood by the general public. The fine-spun theories of public finance experts seem apart from the everyday budget realities of the average citizen.

On top of all these conjectures must be added another. The hurt to the economy from persisting unemployment is neither great enough nor sufficiently widespread to affect personally more than a fair percentage of the American people. Millions and millions have steady employment. To them the whole tax cut plan may seem not only untrue but unnecessary.

Somewhere amid these speculations lies an explanation for the oddity that in 1963 the biggest tax cut proposed in many moons has stirred almost no popular excitement.

**"—and There's Where El Presidente Lives When We Have One"**

ROSS LEWIS, MILWAUKEE JOURNAL

**Looking Backward****Guest Editorials****TWENTY-FIVE YEARS AGO**

John Rector, member of the Sedalia Motorcycle Club, entered into two Tourist Trophy races in Kansas City and returned home first place winner of both races against competition from Kansas, Oklahoma, Texas and Missouri.

—1938—

A new road, leading from Highway 50 into Smithton, at the west entrance, to the main street and east to the creamery, will be constructed. E. W. Couey, state representative, says he has received a communication from the state highway commission stating it will be a black top roadway.

**FORTY YEARS AGO**

At a meeting of the board of directors of the Sedalia Chamber of Commerce Judge H. K. Bentz suggested the establishment of a radio broadcasting station here to advertise Sedalia and the State Fair. T. A. Hurley of the Queen City Electric Co., stated that the cost of a suitable 500 watt set would be about \$1,500, and would carry 500 miles. A committee composed of Emile Landmann, G. R. Wilkerson, Jack Truitt, T. A. Hurley and W. D. Smith was appointed to investigate the feasibility of erecting a station.

—1923—

Sedalia city council passed an ordinance providing for the regulation of heavy traffic on the paved streets and prohibiting such traffic as tractors, well drills, threshing machines and other vehicles with cleated

wheels from driving on the paved streets without written permission of the city engineer.

Actually, Europe is a great peninsula joined to the western part of Asia.

**Washington Merry-Go-Round****Worry Over Foreign Aid Inefficiency**

(EDITOR'S NOTE: Drew Pearson's column is written today by his associate, Jack Anderson.)

**JACK ANDERSON**

WASHINGTON — Letting down their hair behind closed doors, members of the powerful Foreign Relations Committee agreed the other day that the public is fed up with foreign aid and that American generosity soon will be wrong dry.

Bristle browsed Senator Wayne Morse, D-Ore., also called upon chairman William Fulbright, D-Ark., to confront the President with a confidential summary of the waste, inefficiency, and maladministration that have been found in the Foreign Aid program.

Some of the sharpest criticism, significantly, came from past supporters of Foreign Aid. They were disturbed over the outpouring of American largess to regimes that have become undemocratic and uncooperative.

The Senators started out routinely to process the Foreign Aid bill, which is always done behind closed doors.

"I suggest," said Fulbright, "That we start where we left off."

"I have another suggestion," Morse broke in. "You know, Mr. Chairman, how fond I am of you and how hard I try to cooperate with you in carrying out the obligations you have as Chairman of this committee."

"But I am greatly concerned, because I think you are about to walk into a massacre. You may get the Foreign Aid bill through this committee, but I think on the floor of the Senate you are going to be routed."

"I think the President ought to be told what the situation is. I suggest that you go down to the White House on an informal basis and tell the President the Foreign Aid bill is in trouble."

"Be specific," said Fulbright. "What will I tell him?"

"I am sorry to hear you ask that question," replied Morse, a hurt tone in his voice. "You have not been listening to all my speeches on the Senate floor. I will be glad to supply you with copies."

He reminded Fulbright not only of Senate speeches but confidential reports from the comptroller general, detailing the waste and wrongs in the Foreign Aid program.

**Waste of Foreign Aid**

"The Comptroller General has been filing memos with this committee on a confidential basis for the past two years," said Morse. "I suggest that all these memos, charging waste and maladministration, should be brought together."

"That would be a good idea," agreed Senator Stu Symington, D-Mo.

"I wish I could be sure that the President knows about them," said Morse. He suggested that Fulbright present the committee to President Kennedy.

"I believe at the grass roots across the nation," added the Senator from Oregon, "There is a revolt on against Foreign Aid."

Fulbright agreed that the Foreign Aid program has not improved under the Democrats as he had hoped. But he suggested warily that nothing much could be done about it, since the program couldn't be administered by Congress.

"I disagree," blurted out Senator Frank Church, D-Ida. "We are as much responsible as the Executive branch."

He pointed out that the Hickenlooper Amendment, barring aid to countries that seize American property without compensation, was opposed at first by the State Department as legislative interference. But Secretary of State Dean Rusk had come back this year, Church reminded the committee, to admit he had been wrong.

Church suggested that other amendments could be written into the law to strengthen it. For example, he proposed an amendment automatically terminating American aid to any country guilty of aggression.

"This would serve advance notice on leaders like President Sukarno of Indonesia, who is making military threats against the new Malaysian federation," said the Senator from Idaho. "It might serve as a deterrent."

He also urged that military aid to Latin America should be drastically reduced. The problem in Latin America, he said, is "not that the military is too weak, but that the military is too strong."

He insisted that the United States hardly needed to bolster Latin American armies.

"All we accomplish," Church warned, "Is to identify the United States with the hated military leaders and provide the communists with ammunition for their anti-American propaganda."

**The World Today****Big Concern for Ethics In The Senate**

By J. W. DAVIS

WASHINGTON (AP) — U.S. senators are showing concern about ethics.

The immediate case is that of an employee of the Senate, now resigned. It has revived a suggestion that it might be a good idea for senators to adopt a conflict-of-interest code for themselves.

In the case at hand, Robert G. Baker stands accused of using his Senate connections, while he was secretary of the Senate's Democratic majority, to help land business for a private firm.

The Senate Rules Committee this week begins an inquiry into whether Baker did permit himself an improper conflict of interest.

It would be wrong, of course, for anybody in position of public trust to trade on that post to make money for himself.

That's the basic principle behind the Senate's traditional insistence that men named to high public office, such as cabinet members, divest themselves of private interests when they come into the government.

Should the same principle be applied rigidly to members of Congress when they vote? Should a senator who owns a farm, for example, feel free to vote increased price supports for crops he raises? Or, if he's a railroad stockholder, should he stand aside on a bill designed to help the railroads?

Occasionally, a member will stand aside. For example, on Feb. 27, 1958, Sens. Harry F. Byrd, D-Va., and J. W. Fulbright, D-Ark., both asked to be excused from voting on a postal rate bill.

The bill dealt with mail charges paid by newspapers and they explained, they both had interests in newspaper publishing companies.

On the other hand, the late Sen. Robert S. Kerr, D-Okl., an oil man, was undisturbed by charges that his votes in favor of the oil industry amounted to a conflict of interest.

Kerr argued that he was voting the way his constituents wanted him to vote. "The only conflict of interest that has any

**BERRY'S WORLD**

"Here's that letter about the slowness of Congress, Senator. Senator! . . . Senator!"

**HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL****Missouri Adopts Code On Liquor Advertising**

Earlier this month, Missouri became the eighth state to subscribe to the new uniform code regulating advertising of alcoholic beverages in newspapers and magazines. A joint committee of state liquor officials spent many months preparing a study which cited that an estimated 21 copy changes were necessary to make a national liquor ad acceptable in the 49 "wet" states. (Mississippi is legally "dry.")

Hollis Ketcham, Missouri's state supervisor of liquor control, was a member of the committee which made the study and recommended its adoption. Other states which have embraced the uniform code to date include Montana, New Hampshire, Iowa, West Virginia, California, Texas and Illinois.

**Many New Laws Now in Effect**

On the 13th of this month, the remaining bills signed by Governor Dalton went into effect. These are among the total 274 approved by the governor while 13 were vetoed. Some 29 measures had already gone into effect previously because of their nature.

Many of these new laws will have far sweeping effects on the state's economy, led of course by the sales tax boost which is now three cents on the dollar instead of two. Others are bits of minor legislation.

**Sales Tax**

Under the new bracket system, the tax is one cent on purchases between 25 and 51 cents; two cents between 51 and 80 cents; and three cents between \$1 cents and one dollar. The sales tax is expected to enrich the state treasury by \$65 million annually.

There were reports that shortly before the new bracket system went into effect, some merchants were billing their customers in a strange manner: these merchants would bill a customer on something that had been charged before the 13th with a note that if the item were paid before the effective date of the new tax the old tax would apply; but if the bill were paid after the 13th the new tax would be in effect.

But, according to the Attorney General's office, this was not supposed to be the case. The applicable tax depended upon the date of the purchase, not when it was paid for.

**Sunday Sales**

Although the sales tax boost has caused a lot of newspaper copy to flow, the Sunday sales regulating law continues to be the source of concern for a number of large companies which traditionally have been selling on Sunday.

Earlier this year, the Missouri Supreme Court threw out the state's 138-year-old "blue law" and the legislature, in turn, approved the present statute which specifically details items which cannot be sold on Sunday.

These include motor vehicles, clothing, furniture, appliances, hardware, lumber and building products, jewelry, toys and others.

**Agriculture**

In the area of agricultural legislation, laws now in effect include the required licensing of milk distributors, mandatory fencing for livestock except in open range counties and the inspection and grading of fluid milk with fees scheduled.

**Appropriations**

The appropriations bills included the transfer of \$11.2 million from the State Seminary Fund to the University of Missouri; \$278.9 million for the state Board of Education, including special schools; \$78.4 million for the Department of Revenue; \$555,062,841 for the civil list; \$77.3 million for the Department of Corrections; \$316,481,405 for Public Health purposes; an additional \$99.1 million for MU and the other state colleges; \$3.2 million for the General Assembly; \$56.2 million for capitol improvements (CCS-HB9, HB13, HB14); transfer of \$199.5 million to the school moneys fund; transfer of \$1.9 million to handicapped children's fund; transfer of \$10,000 from Park Fund to Park Board Revolving Fund; \$51.1 million to cover expenses of \$10,000 from Park Fund to Park Board Revolving Fund; \$51.1 million to cover expenses of miscellaneous legislation of the past session; \$9.02 million for deficiencies through last June 30; \$2

**Conservation and Drainage**

Three measures dealing with conservation and drainage were enacted which extend soil conservation to recreational, development, water supply and fish and wildlife; allow portions of adjoining drainage districts, as well as whole districts, to consolidate; and stagger the terms of soil conservation trustees.

**Easements**

A number of minor bills were approved dealing with easements. These include the granting of easement in Curve River State Park to AT&T, a sewer easement of certain state land to the city of St. Joseph, an easement in Knob Noster State Park to the federal government, an easement in Sam Baker Park to the Black River Electric Cooperative, another to the city of Lexington; and authorizes the adjutant general to convey certain lands in the city of Jackson to the city.

## Mary Hurlbut Luncheon Held At Federated Church

The Mary Hurlbut luncheon, which is mostly white people, went to two African boys. They are, of course, doing this in a language foreign to them.

The greatest news, however, she had was that the Bible has now been printed completely in the language of the people where she taught. It has been Portuguese, but now it is in their native language and they are thrilled that they can buy these Bibles which take nine days of their wages to pay for.

Mrs. Hurlbut was introduced by Mrs. K. U. Love, missionary chairman.

Mrs. William Green presided and invocation was given by Rev. Armin Klemme.

Mrs. Frank Field gave the devotional using as her theme, "Women."

Following Miss Hurlbut's talk all went from the dining room to the sanctuary, where Rev. Leonard Reifel, pastor of the Federated Church, told of his trip to the Holy Land.

One of his first impressions was that there was a strangeness about the land, and he had never seen so many rocks. There were deep gorges and valleys.

Dr. Reifel had many pictures of the places where Christ had been and his favorite was the Sea of Galilee along which he walked many times and in which he swam.

One picture was of the Mount of Temptation and he said that he climbed this. Part of the way up was a monastery and a monk unlocked the door so that he and two others could go on up the narrow paths to the top.

The weather was very hot, he said, with the hottest part from 3 a.m. to noon.

He spent many hours, too, in the Garden of Gethsemane of which he had pictures with olive trees 2,000 years old.

As he entered the Church of Nativity in Bethlehem, he said, a murder took place right across the street and the murderer gave himself up.

His pictures included the Mosque of Omar in Jerusalem where Abraham was ready to offer up his son Isaac and out of which Jesus drove the money changers.

Among the things that impressed him, Dr. Reifel said, was a funeral procession led by a very handsome young man carrying a crucifix, followed by priests in colorful robes, then the nuns and then the casket bearers carrying the wooden casket on the palms of their hands held high above their heads. The burial was two or three miles further on.

As Dr. Reifel was walking along the road over which Jesus had traveled as the people stood waving palms, he was wondering how Christ could have ridden up that hill on a donkey. Then, as if in answer to his thought, came a little boy leading a donkey who asked him if he would ride and when the child asked a second time he did get on the donkey and ride.

He had a picture, too, of the steps leading from the Upper Room to the Garden of Gethsemane which were unearthed not too long ago. While he was in the building he heard two different groups of tourists going through singing, one was Swedish, the other American and the Americans, he said, were singing: "His Eyes Are on the Sparrow."

Dr. Reifel said that he found kindness and sincerity in the Arab people.

He spent a great deal of time in the Holy Land, for he did not want to just see it but to wander again and again to the places where Jesus had lived and taught and he was inspired by the sunrise for he arose each morning at 4:30 to watch the sun come up and could see the fishermen on the Lake of Galilee in their boats. He had a picture of the fishermen at dawn and he closed his program with a picture of a shepherd and his flock. He saw many while there, he said, but only once a shepherd leading his flock, always they were walking down the road behind the sheep.

The spokesman explained that Route 24 has been officially designated as part of the interstate system and mileage allowed for it but the new segment proposed between highways 40 and 55 has not been so designated.

He said that reports on the joint proposal will be received from the bureau's regional offices in Kansas City, Atlanta and Chicago. Asked about the time involved, he said the reports could arrive "sometime next month."

"We will move on it as fast as we can," the spokesman added. "I would hope there would be something on it before the end of the year."

Without an unfettered press, without liberty of speech, all the outward forms and structures of free institutions are a sham, a pretense—the sheerest mockery.

If the press is not free, if speech is not independent and untrammeled, if the mind is shackled or made impotent through fear, it makes no difference under what form of government you live, you are a subject and not a citizen.

—Sen. William E. Borah

NATIONAL NEWSPAPER WEEK, OCT. 13-19

### In Third Quarter

## Profits for Most Continue On the Pleasant High Road

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Profits for most companies continued on the pleasant high road in the third quarter. And the outlook for the majority seems even brighter for the final months of the year.

First reports show many industrial leaders well ahead of year-ago earnings. Some are setting record highs in earnings after taxes. Only a small minority trail 1962 results.

Much of the current gain is due to increased sales and output. But for industry as a whole

there has been a welcome widening of the profit margin—a higher net return on each sales dollar—after several years of a tightening trend.

And some of the reported after-tax profits would be even larger if the new additional depreciation deductions for tax purposes were figured in, as in previous years. The companies have more cash to spend but lower book earnings to report.

Some bellwethers of industry already have reported on operations for the three months ending Sept. 30. And in most instances the gain over last year is marked. Ahead are such giants as American Telephone & Telegraph, General Electric, International Business Machines, Radio Corporation of America, Firestone and Safeway Stores.

Since many industries and companies normally make their best returns in the fourth quarter, confidence is high for a record year when the final bookkeeping results are in.

The gain has been steady this year. The April-May-June quarter returns ran on average 12 per cent ahead of the January-February-March results, and 16 per cent better than the second quarter of 1962. The first quarter itself had been 4 per cent higher than the like 1962 period.

His lament was not to be taken seriously. He was merely making jest of the fact he closed on a Saturday night after two years on Broadway in "How To Succeed in Business Without Really Trying," and reported to work at MGM on Monday for his first starring movie.

He was immediately put to work rehearsing his musical number in "His and His." It's a duet with himself that happens to take place in a dump.

How does he feel about it?

"Exhausted," he admitted. "If they had only given me just one day. Boy, am I beat. I can stand a long run for the first year and a half, but that last six months is murder. It's like being in the Army or Navy."

Still, he has fond memories of "How To Succeed," and with good reason. The musical made him the hit of Broadway in a show that never did less than capacity. He left it at the end of his two-year contract.

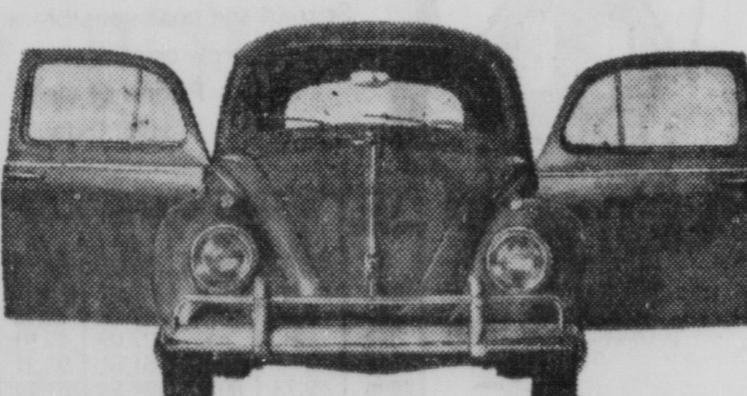

Morse intends to take advantage of his many film offers. First comes "His and His" with Robert Goulet and Nancy Kwan. He may also stay at MGM for the all-star Irving Berlin musical, "Say It with Music." He plans to do "Genius" for Otto Preminger and is talking a deal for "The Loved One" with Tony Richardson, whose "Tom Jones" is the latest film sensation.

Those with long memories recall that Morse made a previous movie, "Matchmaker," with Shirley Booth, Tony Perkins and Paul Ford.

## Party Unity Struggle By Republicans

WASHINGTON (AP)—A sharp exchange about debates and party unity has stepped up the tempo of the undeclared struggle for the 1964 Republican presidential nomination.

Sen. Barry Goldwater and Goldwater and Gov. Nelson A. Rockefeller, leading prospects for the GOP nod, traded barbed comments after the New York governor called Saturday for a series of debates on how the party should deal with the issues of the day and the Arizona senator turned him down.

It added up to a long-distance debate about how best to unite the party for the presidential race next year.

Goldwater said that if Rockefeller had thought it through, he might have decided that intra-party debates could split the party.

Rockefeller said Sunday night that Goldwater was mistaken. He said he hoped the senator would change his mind.

Meanwhile the chairman of the Republican National Committee said he would not object if Rockefeller and Goldwater wanted to discuss differences within the party.

"I've always been of the school the party suffers from underexposure," Rep. William E. Miller of New York said.

But Goldwater insisted that debates should be with Democrats, not with other Republicans.

Both Rockefeller and Goldwater had said they considered Nixon a potential nominee.

Computations estimate odds against making a hole-in-one in golf at 14,937 to 1.

# Oklahoma, Nebraska, MU Favored In 3-Way Race

## Attention Also Focused On 4th Game

Past Weekend Full Of Surprises On Big Eight Fields

By JIM VAN VALKENBURG  
Associated Press Sports Writer

Oklahoma and Nebraska both joined from the unbeaten ranks in a weekend full of surprises, and Missouri's always tough Tigers will be favored to make it a three-way Big Eight football championship race with victories Saturday.

But a lot of attention will be focused on the fourth game on the card, in which surprising Colorado, 2-0 in league play, takes on Iowa State, 1-1, at Boulder. Iowa State upset Kansas 17-14.

Oklahoma is still the Big Eight title favorite after its 28-7 lacing by Texas, but the Sooners are far from a cinch. The defending champs take on Kansas at Norman Saturday in their league opener and will be favored to make a winning start.

Nebraska, upset by once-beaten Air Force 17-13 in the last three minutes, should get past Kansas State at Manhattan although K-State gave Missouri some trouble before losing 21-11. Missouri plays Oklahoma State at Stillwater and the Cowboys likely will still be looking for their first victory after the game.

Before the season, the Big Eight's top four generally were considered much too strong for the other four teams. But Iowa State led by Tom Vaughn and Dave Hoover, refused to follow this script at Kansas. Colorado, under coach Eddie Crowder, ripped Oklahoma State 25-0 last Saturday after beating K-State 21-7.

A 21-yard field goal by Dick Limerick with just 1:20 left gave Iowa State its first victory over Kansas in five years. After the game, Coach Clay Stapleton of Iowa State said it was the biggest victory of his career. He survived a last-minute scare, as Kansas completed a 65-yard pass and Gary Duff missed a 35-yard field goal attempt.

"I've been snakebit so many times," Stapleton said, "I actually thought if he makes that field goal I'm going to quit coaching."

Missouri's talented rookie quarterback, Gary Lane, ran 50 yards for one touchdown, set up two others with his passing and had 187 yards total offense. Air Force nipped Nebraska on a 38-yard scoring pass with 2:41 left after the Huskers scored twice in the third quarter. Colorado outgained Oklahoma State 324 to 159, turned three fumbles and a bad punt into second half touchdowns.

Oklahoma had the ball only 16 plays in the first half and didn't score until Texas had three touchdowns. Texas switched to a slot formation that helped them get their backs outside the big Oklahoma line, and outgained the Sooners 230-190.

Home crowds of 38,000 at Lincoln, 36,000 at Columbia, 35,600 at Boulder and 34,000 at Lawrence lifted the Big Eight's total home attendance to 464,100 for the season, an average of 33,150. This is slightly above last season's record pace.

Stapleton praised Vaughn, a swift and powerful fullback, as a great player both on offense and defense. Vaughn slashed for 138 yards.

Jack Mitchell, Kansas coach, took the blame by saying he hadn't prepared the Jayhawks properly for the inspired Cyclones.

"The things they do best are the halfback running pass and the option play to Vaughn," he said. "We worked on these all week, yet we played like we had never seen either play before."

Hoover hit 4-for-4 to Limerick on the halfback pass, all in the last quarter. Vaughn killed the Jayhawks on the option play.

"Of course I was disappointed

## Chicago Bears Point to New Winless Team

LOS ANGELES (AP) — The unbeaten Chicago Bears point for another winless team, the San Francisco 49ers, after running up a record breaking 52-14 score over another yet-to-win rival, the Los Angeles Rams.

Sunday's game here before 40,476 was one of many statistics—all of them unhappy ones for the Rams.

But George Halas, owner-coach of the Bears, who remain on top of the Western Division of the National Football League, put in a few kind words for the luckless Rams:

"Mark my words, they're going to explode some day."

The 38-point margin of the Bear-Ram score was more than the club's previous high, 56-20, in losing to the Philadelphia Eagles in 1950.

Hero of the game was ex-Ram quarterback Billy Wade and Mike Ditka, who got together on three touchdown aérials.

Another former Ram, Rudy Bukich, took over in the fourth quarter and led the Bears to three more touchdowns, including a scoring strike to Ditka.

## Wolfson Has Good Luck With Horse

NEW YORK (AP) — Louis E. Wolfson, the New York and Florida financier who has had unbelievable luck with his purchases of young horses, hit the jackpot again Saturday when Roman Brother won the richest purse in the history of New York racing.

And Florida breeders are walking around in the clouds again, for Roman Brother was sold by the Ocala Stud farm last January at the Hialeah paddock sales to Wolfson for \$23,500.

Wolfson, who races in the Flamingo and black silks of the Harbor View Farm, put up \$10,000 to make Roman Brother a supplementary entry to the 92nd running of the Champagne.

The gelded bay son of third Brother-Roman Zephyr, by Roman, obliged by taking charge near the head of the Aqueduct homeset, romping to a 4½-length triumph in the \$212,150 race.

John L. Rotz was the winning jockey and the Wolfson entry, favorite of a crowd of 50,732, paid \$3.90.

It was the fourth straight victory for the unbeaten youngster, who was making his first stakes start against 10 rivals, including a stablemate, Count Bud. Roman Brother, who had earned \$10,725 before the Champagne, picked up \$152,150. It bettered the previous New York purse taken home of \$149,695 earned by the California colt Warfare, who won the Champagne in 1959.

"In our passing game," Mitchell added.

At Missouri, Coach Devine said he was happy with the 10-point victory but expressed puzzlement as to why his football club seems to play better on the road. Devine praised the passing of quarterback Larry Corrigan of K-State but felt his secondary should have intercepted at least one of 35 K-State passes.

Lane also drew praise from Devine for calling a good game and the Tiger coach disclosed Lane is even faster than halfback Monroe Phelps in wind-sprints.

Doug Weaver, K-State coach, praised end Ralph McFillen as one of the best receivers in the country. McFillen's effort on an 18-yard scoring pass from Corrigan was cited by the coach.

Weaver didn't comment on the absence of his top running backs Willis Crenshaw and Ron Barron, preferring to concentrate on the work of replacements.

## Bearcats Winner In Valley Play

By JIM VAN VALKENBURG  
Associated Press Sports Writer

CHUCK STUDLEY's coaching luck in the close ones—perhaps worst in the nation his first two years at Cincinnati, turned in his favor at Tulsa and the Bearcats suddenly are the team to beat in Missouri Valley football.

Down one point, Cincy charged 80 yards to score with 40 seconds left for a 21-15 victory over Tulsa's defending champions Saturday. Three times the Bearcats stopped Tulsa inside the 20, twice on the one-yard line, and Tulsa had a 44-yd. touchdown run nullified by penalty in the last quarter.

Studley lost three 1-pointers and two 6-points last fall. In 1961, his defeats came by margins of 2, 4, 5, 6 and 8 points. Worst of these ten defeats was a 21-13 game and five were by four points or less.

One of the boys who changed Studley's luck was Brig Owens, a strong-armed, swift quarterback transfer from Fuller, Calif. Junior College. He threw 32 yards to end Jim Curry for one touchdown and 54 yards to Curry for the big play in the winning drive.

Tulsa isn't out of the title picture, and ambitious Wichita, 2-1 outside the league, is very much in it. The title might be decided Nov. 16 at Wichita when the Kansans face Cincy. Wichita opens its bid at Louisville while Tulsa plays at North Texas, both Saturday night.

Wichita clipped Hardin-Simmons 26-12 with quarterback Henry Schichle throwing two touchdown passes to Bob Long, and halfback Miller Farr scoring twice on runs of 78 and 23 yards. Memphis State beat North Texas 21-0 and Louisville edged Dayton 13-12. This counts as a league game for Louisville as does Cincy's game Nov. 2 with Dayton. Louisville, a new member of the Valley, doesn't have Cincinnati this fall.

Valley teams now have a 6-7 won-lost record against outside teams, counting the Dayton game with Louisville. Cincinnati plays Detroit at Cincinnati Saturday in the only outside game. The Bearcats, beaten only by Army in four games, could even it at 7-7 by winning.

The gilded bay son of third Brother-Roman Zephyr, by Roman, obliged by taking charge near the head of the Aqueduct homeset, romping to a 4½-length triumph in the \$212,150 race.

John L. Rotz was the winning jockey and the Wolfson entry, favorite of a crowd of 50,732, paid \$3.90.

It was the fourth straight victory for the unbeaten youngster, who was making his first stakes start against 10 rivals, including a stablemate, Count Bud. Roman Brother, who had earned \$10,725 before the Champagne, picked up \$152,150. It bettered the previous New York purse taken home of \$149,695 earned by the California colt Warfare, who won the Champagne in 1959.

"In our passing game," Mitchell added.

At Missouri, Coach Devine said he was happy with the 10-point victory but expressed puzzlement as to why his football club seems to play better on the road. Devine praised the passing of quarterback Larry Corrigan of K-State but felt his secondary should have intercepted at least one of 35 K-State passes.

Lane also drew praise from Devine for calling a good game and the Tiger coach disclosed Lane is even faster than halfback Monroe Phelps in wind-sprints.

Doug Weaver, K-State coach, praised end Ralph McFillen as one of the best receivers in the country. McFillen's effort on an 18-yard scoring pass from Corrigan was cited by the coach.

Weaver didn't comment on the absence of his top running backs Willis Crenshaw and Ron Barron, preferring to concentrate on the work of replacements.

### Fans Have to Wait

## Cards Prove Contention In Race for Eastern NFL Title

ST. LOUIS (AP) — The St. Louis Cardinals proved convincingly Sunday they are bona fide contenders in the Eastern Division of the National Football League. But their fans had to wade through 56 minutes of frustrating play before being shown.

In the final four minutes, quarterback Charley Johnson pitched the Cardinals downfield twice for touchdowns—the last with five seconds remaining—that produced a thrilling comeback 24-23 victory over the Pittsburgh Steelers.

The triumph put the Cardinals in second place with a 4-1 record behind Cleveland's 5-1. It also dispersed the usual doubts held by the home folks who had never until Sunday seen the Cardinals win a home opener in their three years in St. Louis.

In fact, the Cardinals, who lost a 35-0 exhibition game in St. Louis to Minnesota earlier, also seemed to play their worst before the home crowd.

The first 56 minutes Sunday the fans could be heard groaning: "Here we go again." Sputtering on dropped passes, fumbles, and an inability to score three times inside the five yard line, the Cardinals trailed 23-10, going into the final and decisive four minutes.

"I hate this kind of game," said Johnson. "This was even more frustrating than when we lost by such a big margin to them up there." Pittsburgh defeated the Cardinals 23-10, two weeks ago.

"We have certain goal line plays and I ran the whole book. It just turned out that they were in the wrong sequence."

It was Johnson's passing that moved the Cardinals that close and finally to their last two scores. He completed 21 of 42 passes for 428 yards. Strangely enough, the final toss, a 28-yarder to Bobby Joe Conrad, wasn't planned.

"I intended to throw the ball into the dirt to stop the clock,"

Johnson said.

# Crying Towel Stirs Brisk Breeze Across the Nation

By BOB GREEN

Associated Press Sports Writer

That cooling breeze you feel? It's being stirred up by the frantic flapping of football coaches' crying towels the length and breadth of the land.

Only two of the nation's Top Ten college teams — Texas and Wisconsin — won their games in a weekend spiced by the biggest flock of upsets of the season.

## Ann Landers Answers Your Problems

Dear Ann Landers: There is a girl in our crowd who thinks she is you. Now she wants us to call her "Ann." (All of a sudden she remembered Ann is her middle name.)

This girl reads every word you write and she tries to talk like you. She even tries to wear her hair like you. Worst of all, she gives everybody advice on how to run their lives. Nobody asks her but she thinks she is an authority on every subject.

Is there something you can do about this imitator? She is not doing your image any good out here. In fact we think she is hurting it. Please rush us some of your advice. We are sick of hers.

—BLOOMFIELD BUNCH  
Dear Bunch: When "Ann" starts to write a column under my name please let me know. Until then I can't do anything about her except be flat-ted that she wants to be me.

Dear Ann Landers: You failed to give your usual sensible reply to "Distressed Mother" who wrote about her 16-year-old pregnant daughter. I was shocked when you said the parents should not insist on marriage and that the girl should "go it alone."

Why should she go it alone? She didn't get into the mess alone. If my daughter was in a family way, believe me I'd drag the boy to the preacher's with the scruff of the neck if necessary.

Every child is entitled to both a mother and a father. Too many irresponsible boys are running loose, getting one girl after another in trouble. Your namby-pamby, permissive ideas encourage such behavior. If young people were made to understand that pregnancy means marriage they wouldn't use sex as a plaything. Print this — if you dare.

—SPEAKER OF THE TRUTH  
Dear Speaker: Sorry, the advice stands. Marriage should not be degraded by employing it as punishment for irresponsible behavior. And getting married to give a child a name is not a good enough reason either. Mar-

## People In The News

By THE ASSOCIATED PRESS

LONDON (AP)—Actress Vivien Leigh, who flew home two weeks ago suffering from nervous exhaustion, canceled plans to return to New York today.

Her agent, Laurence Evans, said she acted on advice of her doctors. He did not say when she would be able to travel.

Miss Leigh, 49, collapsed shortly after her show, the musical "Tovarich," closed for a week to transfer to another theater.

Originally, she was expected to return to New York for the reopening of the play Oct. 7. Joan Copeland is playing her part.

SHENANDOAH, Pa. (AP)—The Rev. Walter M. Ciszek, recently released after 23 years in a Russian prison on charges of spying, is expected to say his first Mass in his home parish sometime this week.

Father Ciszek is to return home when he completes conferences with State Department officials in Washington.

TEHRAN, Iran (AP)—Queen Juliana of the Netherlands ended an 11-day state visit to Iran and left for Bangkok, Thailand.

The queen's husband, Prince Bernhard, and their daughter, Princess Beatrix, are accompanying Juliana on the royal tour.

TOKYO (AP)—Former Prime Minister Shigeru Yoshida, strongly pro-American elder statesman of Japan, says he will not run for a seat in the lower house in the next general election.

Yoshida is expected to remain as an adviser to the ruling Liberal Democratic party, but to retire from frontline political activity.

The 85-year-old politician was prime minister of Japan from 1947 to 1954.

LOS ANGELES (AP)—Actress June Allyson and hair stylist Glenn Maxwell have settled down to married life in her Beverly Hills home.

Miss Allyson, 39-year-old widow of actor-producer Dick Powell, and Maxwell, 31, were married Saturday at Fort Lauderdale, Fla.

## Rover Is Holding His Own, Columnist's Mailbag Shows

By HAL BOYLE  
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

### 175 Goldfish Stolen

KANSAS CITY (AP)—Somebody has stolen the 175 goldfish Mrs. Jack L. Hull has been raising in a concrete pool in her yard.

Mrs. Hull said the fish ranged from 6 to 12 inches long. They were hatched in the pond and were kept there the year around.

Her husband discovered the theft when he went out to feed the fish Sunday.

About 40 per cent of American homes now have at least one dog. So Rover seems to be holding his own despite the increase in apartment buildings which ban canine pets.

A government study found that there are two million U.S. widows over 62. Less than half of all women over 25 in this country are high school graduates. And that more than 50 per cent between the ages of 45 and 54 have paid jobs.

Many fish, but especially goldfish, turn gray with age — just like people.

Can you name the commodity that we spend the most money to import? It's coffee.

Don't worry too much about insomnia cutting down your efficiency. A British scientist says that some people work even better after a "sleepless" night than if they had slept eight hours snoring.

Nothing upsets a wife more surely than seeing a roach in her kitchen. But, on the other hand, most roaches—if they had their choice—wouldn't be caught dead in a kitchen. A majority of the 3,500 varieties of this insect prefer to dwell outdoors.

Our quotable notables: "Years wrinkle the skin, but to give up enthusiasm wrinkles the soul." —Samuel Ullman.

Barnyard bulletin: Prof Ludwig Krawarik of Austria reports that cows have sufficient emotions to burst into tears. (But we never knew one to cry over spilled milk.)

History lesson: Six U.S. presidents married widows — Washington, Jefferson, Madison, Millard Fillmore, Benjamin Harrison and Woodrow Wilson — but

only two married divorcees. They were Andrew Jackson and Warren G. Harding.

Quips from our contemporaries: "A duck is a bird that looks as if it had been riding a horse all day." "A smile is something that adds to your face value."

"If you think you're lonely and neglected, just think of Whistler's father." — The Farmers' Almanac.

It was Oscar Wilde who observed, "When the gods wish to punish us, they answer our prayers."
